Mr. Malone confirmed that once DEC approval is received, the recommendation will be passed to the Mass Development Board of Directors, with a decision expected soon. Neil also noted that Grant Road, which is an existing public way, would be formally accepted as part of the development, though it doesn't require the same formal process as Bradley Circle. Mr. Marshall asked if there are any questions. Ms. Laura RSG, a Devens Resident asked if the open space discussed will remain part of Village Green or will it be turned over to MassDevelopment from the Developer? Mr. Angus noted that the open space will go to MassDevelopment for preservation as a public park and stormwater system for drainage from this development. Mr. Raj Kishore Vakiiti, Devens Resident, asked if the woods behind the houses would be affected? Mr. Angus noted that there is protected open space for some of the areas behind the homes. Ms. Susan Gabriel, Devens Resident, asked regarding the parking. - **(8:27 AM)** MassDevelopment Overview of Housing Request for Proposals, Devens Economic Analysis Report, and Annual Report: Mr. Angus introduced Erikk Hokenson and Isam Boukattaya of MassDevelopment Real Estate. Annual Report. Mr. Hokenson and Mr. Boukattaya presented the annual report, highlighting business additions, expansions, and the veterans housing renovations. The RFPs for Adams Circle and Grant Road are due on February 27th. Mass Development is open to various housing types, as long as they comply with Devens zoning regulations. Affordable housing requirements will be part of the new developments, with the potential for innovative models. Mr. Marshall asked the commissioners and then the public if there were any questions. The public had a few questions. Mr. Alves asked about Grant Road parcel D. Mr. Hokenson noted that the proposals for the parcels will need to meet DEC regulations. Ms. Higgs asked if once the proposals are submitted will the public have the opportunity to give their input? Mr. Angus noted that once MassDevelopment accepts the proposals for the land the developer will need to submit a Unified Permit with us which will require the commissioners to review and our process is that the abutters are notified and there is a formal review and Public Hearing which the public is welcome to attend and ask their questions and raise their concerns.
