1. *What is your overall impression of the environmental cleanup at the Former Fort Devens Army Installation (Devens)?*
   Appears to be a well-coordinated effort with a multitude of government agencies at the state, federal, and local level, as well as citizen and stakeholder engagement.

2. *What effects has cleanup at Devens had on the surrounding community?*

   Cleaner soils, surface and groundwater and overall better environmental health. While there is still work to be done, the remediation and redevelopment of Devens continues to be a successful example and model of military base redevelopment.

3. *Are you aware of any community concerns regarding the site or its operation and administration? If so, please provide details.*

   Ongoing concerns about impacts of PFAs and other contamination on ground and surface water resources, including shelpey hill landfill, north post/former moore airfield plume and impacts on the Nashua River and Cold Spring Brook and nonacousious brook.

4. *Are you aware of any events, incidents, or activities at the site such as vandalism, trespassing, or emergency responses from local authorities? If so, please provide details.*

   No

5. *Are you familiar with the various processes that Devens is utilizing to contain the contamination on site?*

   Yes

6. *Do you feel comfortable in the process that Devens is utilizing to keep the contaminants from migrating off site?*

   Yes. Appears to be a well-coordinated effort with a multitude of government agencies at the state, federal, and local level, as well as citizen and stakeholder engagement

7. *Do you feel informed about the site's activities and progress?*

   Yes. RAB and website provide a great deal of information.

8. *Do you have any other comments, suggestions or recommendations regarding the work conducted at Devens?*

   Keep up the collaborative efforts, public engagement/sharing of information, and open dialogue
