Re: Building Permit Number 22-019
77 Grant Rd., Devens, MA
46 Unit apartment building

Mr. Spinney,

Building permit number 22-019 was issued to your company, Green Leaf Construction on 26, Apr., '22. While making a periodic review of the building permit files, it has come to my attention there has been no activity on this permit since its issuance.

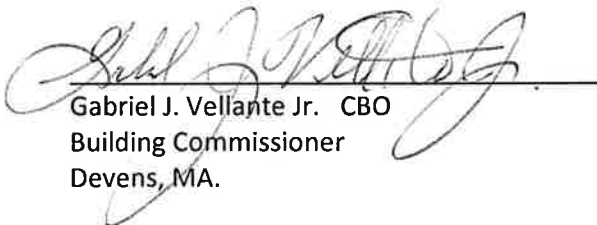

Since there has been no activity on this permit for approximately 20 months, I must find this permit to be abandoned and hereby revoked. No further work is authorized on this project.

Should the project start up again a new building permit will be required. You will need to submit a completely new application package, with a letter from the architect of record which certifies that he has reviewed the plans and that they are in compliance with the **Current** edition of 780 CMR. (Building Code).

Further, you will need to submit all required documents which demonstrate compliance with the latest edition of the MA Energy Code.

If you have any questions, please feel free to call me at (978) 273-5688 (cell)

Sincerely

Gabriel J. Vellante Jr. CBO
Building Commissioner
Devens, MA.
